### Earls Kitchen + Bar Las Olas

Fort Lauderdale, Florida

**Designer:** Earls Kitchen + Bar

**Contractor:** Rescon Group

Earls Kitchen + Bar, Las Olas is a stunningly crafted restaurant that seamlessly blends design with atmosphere. Spanning two levels, it features vibrant bars, a coastal-modern dining room, two open-air patios, and an undeniable sense of charm. The restaurant establishes a natural connection to the vibrant energy of Las Olas Boulevard, located in the heart of Fort Lauderdale. This project posed significant challenges, including working within an existing two-story structure, navigating complex permitting processes, and delivering a high-end design requiring meticulous coordination between the Earls team and all disciplines involved.

### Nordstrom Rack

Mason, Ohio

**Designer:** Wah Yee Associates

**Contractor:** Fortney & Weygandt Inc.

Every pre-existing space put to a new use comes with its own challenges. With a detail-oriented client like Nordstrom Rack, the space was able to overcome specification challenges and deliver a successful tenant build-out utilizing brand knowledge. The project transformed an existing structure into a modern, high-end retail space with minimal environmental impact. This Nordstrom Rack location stands out for its attention to customer experience and operational functionality. The interior layout was meticulously crafted to maximize space efficiency while maintaining an inviting, open-concept shopping environment.

### Good Nature Therapy Services

Aurora, Ohio

**Designer:** The Arcus Group

**Contractor:** Fortney & Weygandt Inc.

Good Nature Therapy is an innovative medical facility serving the Northeast Ohio community. Blending traditional therapies with outdoor sensory-rich play opportunities, it takes a unique approach to Speech-Language pathology and Occupational Therapy in its work with children. The building is nestled among a unique planned landscape and natural surroundings. The building incorporates the outdoors offering a seamless transition from the outdoor therapy space to the interior therapy rooms. The interior has warm natural finishes, a variety of tactile surfaces and ample natural lighting throughout.

### First Watch - Brunswick

Brunswick, Ohio

**Designer:** Architectural Group International

**Contractor:** Fortney & Weygandt Inc.

The construction showcases an innovative approach to modern dining spaces, blending sustainability, craftsmanship and efficiency. The project features a highly efficient build process that minimizes impact while maximizing durability and aesthetic appeal. The exterior seamlessly blends with the community's architectural character while maintaining the brand's signature welcoming and contemporary design. What truly sets it apart is its meticulous attention to detail and the integration of higher-end finishes typically found in upscale dining establishments.

### BRR Philadelphia Office

Philadelphia, Pennsylvania

**Designer:** BRR Architecture

**Contractor:** D&R

BRR Philadelphia's new office exemplifies thoughtful workplace design by fostering collaboration, creativity and future growth. Prioritizing accessibility, the location was chosen to support teammates who commute by bike or public transit. The design transforms a previously dark, divided 1960's space into a bright, modern environment with custom elements that reflect BRR's brand identity. A reception area features a decorative slat wall, while a metal and wood feature wall with BRR's logo filters natural light and provides privacy to workspaces. Also included are stunning views of the Ben Franklin Bridge.
